We rent dance floor/studio time to over 30 different instructors from all over the world. They are excited to work with you to achieve your personal dance and fitness goals. We are an unaffiliated operation. All instructors that teach at Tango and Cha-cha's Ballroom Dance Studio must be approved by management, to ensure only the best instructors teach in our studio.

Each instructor that teaches has had years of training on a vast number of dances. Uniquely, on any given day you can find over 100 years of experience on the dance floor at the same time. Beyond experience, they also pride themselves in being on-trend with styles and techniques.

From private instruction to practice sessions to private events and dance parties, for both adults and kids, we rent space on an hourly basis. Instructors teaching out of our studio are independent dance professionals. Meaning they do not work for the studio and set their own rates. We also offer many types of group classes.

All classes offered at Tango and Cha-cha's are operated by the individual instructors. Instructors have individual policies on how they operate their class in terms of charge per class. All money transfers between clients and instructor are the sole responsibility of the parties involved.

No where in the greater Dallas Metroplex will you find so much talent on one dance floor like Tango and Cha-cha's Ballroom Dance Studio. Thank you for visiting our web site. For more information [info@tangoandchachas.com](mailto:info@tangoandchachas.com)
